The Academy of  
Breastfeeding Medicine

## ABM's 2nd European Regional Meeting for Physicians

# Oct. 4-5, 2008

Arcotel Kaiserwasser,  
Wagramer Straße 8  
1220 Vienna, Austria

**Dear Colleagues:**

The Academy of Breastfeeding Medicine (ABM) would like to invite you to attend the 2nd European Conference and Course on Breastfeeding Medicine on October 4-5, 2008 in Vienna, Austria. The Academy of Breastfeeding Medicine (ABM) is a worldwide organization of physicians dedicated to the promotion, protection and support of breastfeeding and human lactation through education, research and advocacy. An independent, self-sustaining, international physicians' organization and the only organization of its kind, ABM's mission is to unite members of various medical specialties through physician education, expansion of knowledge in breastfeeding science and human lactation, facilitation of optimal breastfeeding practices and encouragement of the exchange of information among organizations. ABM holds annual international meetings allowing physicians from all over the world to network and hear the latest basic research and public health and clinical information about breastfeeding and human lactation. (www.bfmed.org).

In addition to the 13th International Meeting in Dearborn, Michigan, ABM is cooperating with ILCA and VELB to host a European meeting of physicians on breastfeeding topics. This meeting will include speakers from different European countries and the United States and will concentrate on the discussion of breastfeeding problems of both mother and child. The presentations will discuss the standards as well as the problems in breastfeeding medicine. The course on Sunday will concentrate on the breastfeeding basics for every physician.

The meeting will take place in the Arcotel Kaiserwasser in Vienna, near the Austria Center, where the international ILCA/VELB conference will take place on October 1-3. Located in the centre of Europe it is easy to reach from different European countries by car, by train or by flight. Here we look forward to the opportunity to discuss breastfeeding problems with physicians from different countries, and to the possibility of networking with colleagues from Europe. Be sure to sign up for the first ILCA/VELB conference as well. For up-to-date information on both events as well as information about travelling or hotel accommodation go to www.bfmed.org, www.km-potsdam.de, www.velb.org or www.ilca.org.

We look forward to seeing you in October!

Sincerely,  
**Elien Rouw and Skadi Springer**

Academy of Breastfeeding Medicine

**Program Saturday, Oct 4, 2008**

08.00 - 09.00 Registration  
09.00 - 09.15 Welcome and greetings
